

Impact Report

January–July 2022

Create Miracles. Save Lives.

A miracle

For a doctor, is

receiving medication when there's nothing left to treat a patient.

For parents, is

finding a space with food and safety for their children, to shield them from the horrors of war.

For a refugee, is

finding a new life without fear.

Your donations make miracles. **You, make miracles.**

About iMiracleProject

[iMiracleProject](#) is a non-partisan and non-profit 501 (c) (3) charitable organization. EIN: 81-3319129. Your donations are eligible for IRS tax deduction!

iMiracleProject is dedicated to helping those in need. Since the beginning of the war in Ukraine, our focus has been to help those affected. Based in Washington State, we focus our efforts on refugees both on a local and global scale. We have gathered a powerful task force consisting of local businesses and individuals both in and out of the US. Since March 2022, over 200 locals have registered on our website to be volunteers.

Over the last months, we have successfully launched projects helping refugees cross the border in Poland and Romania, provided food and medical supplies to those still in the country and brought medical supplies to hospitals. Stay tuned because we are not stopping there. iMiracleProject has big plans for the future and we are excited to have you along as we grow our impact.

Our Mission

Helping the people of Ukraine by making everyday miracles happen. iMiracleProject aims to help the most vulnerable individuals, focusing on health, education, safety and community.

Our Operations

iMiracleProject, headquartered in Washington, USA, works with refugees, donors and humanitarian aid groups across the US and various locations throughout Europe.

The enormous task that we ALL can help with

We see the task before iMiracleProject as one small but meaningful part of the enormous free world response to the crisis in Ukraine.

One metaphor we think of is the British mobilization to save the allied soldiers trapped at Dunkirk in WWII. It took a literal "all hands on deck" mobilization of almost 1000 watercraft to rescue 331,000 French and British soldiers trapped by the Nazis: including navy vessels (today's current governments), commercial vessels (today's worldwide businesses) and pleasure craft (today's ordinary citizens like you and us) to save those soldiers **or in this case Ukrainian lives!**

No boat was too small then, and no donation or action is too small. **You can literally help save a life!**

Our Projects: Vectors of Support

Deliver Medical Supplies

We collect medical supplies and ship them to Ukraine. The supplies are then distributed by our trusted partners across the country.

Provide Humanitarian Aid

Nicole Elliott, our on-the-ground volunteer, currently in Romania, coordinates with 11 different aid orgs, which comprise our humanitarian aid distribution network across Ukraine.

Feed Ukrainian Seniors

The Subbotin family project's mission is to provide food and support to the elderly in Ukraine.

Support Refugees in Transit

This project is a 24-hour information kiosk at the Bucharest airport. It provides refugees with basic human needs and a plan for their future.

Teach Ukrainian Youth

The project allows three Ukrainian teens to go to school in Minnesota after losing access to education due to the war.

Provide Immigration Support

We provide direct support to those who must flee from Ukraine to the US and Europe due to the war.

Deliver Medical Supplies

What is it?

We've received many shipments filled with medical and other vital supplies from in-kind donations. We then proceeded to pay for the shipping of the supplies to our trusted volunteers, who then distributed them across Ukraine.

Deliver Medical Supplies: Relief flight

What is it?

The project was initiated and coordinated by Liliya Kovalenko, President of the Ukrainian Association of Washington. Along with other organizations, we participated in organizing the procurement of a large shipment of medical supplies. The combined organizations filled a 32-ton plane with the help of many donors from Washington State and Oregon. We aided in the collection, sorting, inventory and transportation of these supplies to a local warehouse.

Provide Humanitarian Aid (Nicole in Ukraine)

Location

Suceava, Romania and various other locations across Ukraine

What is it?

Nicole Elliott, originally from Washington State, has lived in Ukraine for the past 15 years providing humanitarian assistance to refugees from the first (2014) invasion, battered women and other underprivileged people. When the Russian invasion began in February, she had to flee from Irpin, Ukraine (15 min from Bucha) to Suceava, Romania. There she started helping other refugees and conducting trips bringing humanitarian aid through Romania - on her own at first - then in conjunction with iMiracleProject.

Nicole coordinates donated funds and in-kind aid supplies with our network of 13 different in-country aid organizations to provide medications & medical supplies, food, water purification, household items, clothing, hygiene items, lodging, refugee transportation, toys, immigrant support, legal & relocation assistance for Ukrainians most in need. Her personal relationships, fluency in the Ukrainian language, hands-on participation and oversight maximize the impact of donated dollars and help insure that donations make their way into the hands they're intended for.

Provide Humanitarian Aid

Our Impact

With adequate funding and in-kind donations of vital supplies, Nicole, in conjunction with our network partners, is able to provide support to thousands, including families who've lost everything. She provides aid to orphanages, refugees, hospitals, local charity organizations and private individuals in need.

Our Goals

Utilize our extensive and trusted network of partners in conjunction with our “Deliver Medical Supplies” project and other initiatives to distribute vitally needed supplies across Ukraine and help those needing other types of humanitarian assistance.

**as of July 31st, 2022. Includes medications & medical supplies, food, water purification, household items, clothing, hygiene items, lodging, refugee transportation, toys, immigrant support, legal & relocation assistance*

Provide Humanitarian Aid

Our Network of Partner Organizations

iMiracleProject oftentimes works in conjunction with a well-established network of other aid organizations – many of whom iMiracleProject has personal relationships with – ones we have vetted, have worked alongside, had meals with, driven supply runs with and much more - **efficiently and safely** (minimizing the potential for fraud, corruption and misuse) moving donated funds and aid supplies from donors to the end users: those Ukrainians in desperate need. Punching above our weight to stretch your donation dollars to maximize the positive impact!

Provide Humanitarian Aid

"One lady had her husband killed, and then her house burnt down. Another lady celebrated her 100th birthday just before the war began and her house is now completely destroyed. These families are from Irpin, (where I live) Borodyanka and Gostomel".

"We provide groceries to hundreds of refugees per week and also send trucks of food and supplies directly into the war zones".

"We purchased vital supplies for an orphanage in Ivano-Frankivsk that has space for 40 kids and received 85 displaced orphans from the Donetsk fighting area. And helped fund an X-Ray machine for a disabled children's rehabilitation center in Chernivtsi, Ukraine - where they're setting up their own clinic and operating room because the hospitals they used to bring their kids to have been destroyed or are otherwise inaccessible."

Feed Ukrainian Seniors (The Subbotin Family)

Ongoing Project

Location

Kyiv and Zaporizhzhia, Ukraine

What is it?

Feed Ukrainian Seniors was started by Ivan Subbotin and his friends and family. Ivan coordinates volunteers in Kyiv and Zaporizhzhia. Together, they deliver packages with two weeks' worth of food to elderly people in Kyiv and Zaporizhzhia. Over the last few months, Ivan established an extensive network of those desperately needing his help. What's special about this program is it's never just one delivery. Ivan bimonthly brings food to those in need and visits them to ensure their well-being. Ivan has successfully grown his volunteer network to include now other volunteers rather than just his friends and relatives.

Feed Ukrainian Seniors (The Subbotin Family)

Our impact

iMiracleProject collects donations in the US and sends the funding to Ivan to keep his project running smoothly

From March 1st to July 31st, Ivan has helped:

99

Seniors

258

Deliveries

A Day in Ivan's Shoes

After an early wake-up, Ivan and his team promptly divide the funds among those they will be delivered to in the coming week. They scour the grocery markets in search of hardy food that has nutritional value that they will later deliver. After purchase, they separate the goods amongst the boxes for each vulnerable member of their project, not forgetting to buy medications for each member as needed. Then for the rest of the week, the team aims to deliver five packages a day, ensuring good conversation for each individual they help.

Feed Ukrainian Seniors (The Subbotin Family)

Our goals with your donations:

- To keep helping Ivan continue his mission.
- Grow FUS because there are still more elderly people who need help!
- Help Ivan grow his network of volunteers.

"I don't know how things would have turned out without you. Thank you. God bless you."

- Mariya, 91, Kyiv, Ukraine

Support Refugees in Transit (Project Peppa)

Ongoing Project

Location

Bucharest, Romania

What is it?

SRT is a 24-hour kiosk service at the Otopeni Airport in Bucharest, Romania, that aims to direct refugees. This kiosk is run by a group of volunteers from Washington and Colorado and was initially started on April 2022 by Nelli Tkach, the founder of the Lucky Pen Community Center in Redmond, WA. Their mission is to act as a help center for refugees by providing them with food, shelter, and any travel support they may need. Because of the urgent situation, families end up at the airport without proper paperwork or identification and sometimes without a final destination. The volunteers act as translators, legal advisors, and, most importantly, emotional supporters who give hope to the families through their complex journeys.

Support Refugees in Transit

Provide Immigration Support

We've supported the journey of numerous refugees from Ukraine to Europe and the US. We've provided legal and transportation support and helped them find housing.

Webinar about Immigration process for Ukrainians

Evacuation from Lviv and other Ukrainian cities

Provide Immigration Support

- Organized the online legal webinar regarding U4U. A seminar on legal issues with a lawyer and state welfare worker that help provide free consultations explaining how refugee programs work.
- Helped evacuate a large family of 30 people from Melitopol with little kids, including infants, to safety. They are now safe in Germany, rebuilding their lives after losing everything.
- Hosted eight refugee kids from Ukraine at Summer camp.
- Purchased a van for one of our volunteers on the ground in Poland to transport civilians out of war zones and into refugee camps.
- Helped evacuate a handicapped woman into Poland.
- Helped evacuate a woman with six cats and two dogs to Poland.
- Helped evacuate large groups of people with our volunteers using several buses.

Anastasia who we helped to move from Ukraine to TX.

Long story short, but after my hometown was occupied, I found myself alone in a refugee camp in Europe without language, contacts, or plans for the future. My only hope was to get to the USA where I could rely on English and few personal contacts. I found Dmitry & Katya on social media, they initially hesitated to sponsor me, but changed their minds after the webinar. Now I am in safety and despite all the struggles I am happy to build my life here in the USA with their support.

- Anastasia V.
